🎓 Education

BS Computer Science
COMSATS University Islamabad, Sahiwal Campus   2023 – Present

Intermediate in Computer Science
Misali Zakariya Group of Schools & Colleges   2021 – 2023

💼 Experience

Freelance Graphic Designer
Self-Employed (Remote)   2021 – 2024
Designing professional visual assets including posters, CVs, and branding materials. Successfully delivered projects for 20+ clients using Adobe Photoshop and Canva, ensuring 100% satisfaction.

Social Media Manager
Facebook & Instagram   2021 - 2023
Managed content strategy for social media pages to boost engagement. Increased page reach through targeted digital marketing and consistent content creation.

Class Representative
Misali Zakariya Group of Schools & Colleges   2021 - 2023
Served as a liaison between faculty and a batch of 60+ students. Organized academic events, managed class communication, and demonstrated strong leadership skills.

💡 Projects

Itthad Food App (Semester Project)
Flutter, Firebase, Dart   2025
Developed a mobile application to digitize industrial inventory, replacing manual entry systems—Integrated Firebase Realtime Database for live tracking of orders and stock levels.

Hotel Management System (Semester Project)
Java Swing, MySQL   2024
Built a robust desktop application for managing hotel operations including guest check-ins and billing. Designed a user-friendly GUI using Java Swing and connected it with a secure MySQL database.

Itthad Industries Website (Semester Project)
HTML, CSS, JavaScript, Django (Python), MySQL   2025
Developed a comprehensive corporate web portal for Itthad Food Industries to expand their digital footprint. Designed a structured product catalog to effectively showcase manufacturing capabilities to international and local B2B clients.

Personal Portfolio Website
HTML, CSS, JavaScript   2025
Designed a fully responsive portfolio website featuring dark mode and custom animations. Optimized for performance and SEO to showcase technical skills professionally
